Subject Re: Publications Application - Sport Fish - ADF&G, Alaska  
Department of Fish and Game: Pebble related subsistence  
studies available

Thanks Sue. I will forward to Dave Athons and Alan Boraas.

We tried to call you when we were in Dillingham for lunch last week, but none of our cell phones would work.

Phil -

The attached link includes all but two of the subsistence studies  
(Braund/ADFG) you're looking for:

Technical Report 360 (year 3 of 5 years of studies)  
Technical Report 355 (year 3 of 5, separate study done on Lime Village)  
Technical Report 322 (year 2 of 5)  
Technical Report 302 (year 1 of 5)

Fourth year report undergoing "internal" review by ADFG (and others?) and should be completed by the end of August at which time it should be added to ADFG's website.

Data (surveys) for the fifth year study - on Dillingham - just completed and it will be a year or so before the actual report drafted.

Jen/ADFG (name of the Anchorage person the Dillingham office gave me) referred

me to Davin Holen/ADFG who has co-authored the reports and the best person to consult with for more details/data accessibility, etc. Davin's direct line is 267-2807 and his email [davin.holen@alaska.gov](mailto:davin.holen@alaska.gov).

Hope this helps.

Sue/BBNA
